We believe in being transparent, becoming empowered, totally authentic, Christ-like individuals fitted for the King's - our Father's use. We firmly know that we are Women of Royalty - we know that pearls come from being within a shell. Through the rubbing and pushing of the oyster within the shell a small grain of sandy makes a precious pearl.

Life is the shell! You are the Pearl! Experiences is the oyster! You can decide to be one valuable pearls and join Women of Royalty and become the chain that cannot be broken because we pearls are formed, created, spoken and birth to bring forth all power, dominion and glory for God.
